RE: Appreciation for Contributions to CBHI/Mutuelle

Dear member,

On behalf of the Rwanda Social Security Board (RSSB), I would like to extend our sincere appreciation to the Rwandan community in Italy for their generous contributions in support of the Community-Based Health Insurance (CBHI).

We are pleased to acknowledge the contributions received, amounting to **Four million fifty-four thousand fifty-six Rwandan Francs (4,054,056 Frw) for CBHI**. This generous support reflects a strong commitment to the well-being of Rwandans and contributes significantly to expanding access to healthcare services while strengthening long-term financial security. It also underscores your dedication to the welfare of our community and reinforces the strong bonds that unite us, irrespective of distance.

We kindly request you to convey our heartfelt gratitude to the Rwandan diaspora community in Italy for their generosity, patriotism, and unwavering support.

Once again, we thank you for your unwavering support and dedication. We look forward to further collaboration as we strive towards our common goals for the betterment of our community.

Yours sincerely,

Signed by:
